

**STA-RITE™**

## [SW]5P6R™ SERIES SWIMMING POOL PUMPS

### STRONG PERFORMER

Sta-Rite™'s reputation for top quality equipment goes unchallenged in the pool industry. And we earned our reputation by gaining the confidence of professional builders, and ultimately satisfying pool owners. Each feature of these pumps has been engineered to answer the needs of today's smart buyers: high efficiency, low maintenance and reliability.

- The Sta-Rite™ **5P6R™** pumps are precision molded of reinforced fiberglass. This lightweight, exceptionally strong, thermoplastic pump is designed for much higher pressure operation. Temperature and corrosion resistant.
- A heavy duty totally enclosed fan cooled (TEFC) motor for maximum efficiency and long life - all single phase motors are thermally protected.
- A specially designed base for dampening of sound and vibrations.
- The **SW5P6R™** series are suitable for salt water applications up to 4.5% (45 grams per liter) salt concentration. The capacity and dimensions are identical to the
- **5P6R™** series. The **SW5P6R™** has a special motor shaft and all inner parts are made from high grade stainless steel or thermoplastic material.

# [SW]5P6R™ SERIES SWIMMING POOL PUMPS

'See Thru' trap lid with quick-lock trap cover ring

Heavy duty TEFC motor

Strong sturdy base

## NOTHING BUT THE BEST

- Self-priming, up to 5 m above water level.
- Moves larger volumes of water, resulting in lower operation costs.
- Stainless steel locking clamp for quick and easy servicing.
- 'See Thru' trap lid for easy checking of debris - Quick-Lock™ trap cover ring for fast access to strainer basket.
- Easy to install.
- 3-year limited warranty.
